

## Unit Risk Reduction Leader Tip Card

Leaders and commanders should use this tool to identify soldiers at risk. Any check deserves leader counseling, monitoring and/or follow-up referral to the Chaplain, or other appropriate behavioral health professional. Recommend this be distributed down to squad level.

Did/has/was/is any soldier:

- ☐ Been involved in an alcohol incident and enrolled in the Drug/Alcohol program prior to deployment?
- ☐ Had a drug positive prior to deployment?
- ☐ Have any acts of indiscipline prior to deployment or during deployment?
- ☐ Go AWOL prior to deployment?
